<ul style="list-style-type: none">Language Proficienc y	<i>Good.</i>		

Projects

Academic Social Network: *Mern, React.js, Express.js, Node.js, Mongoose* | **2024-2025**

- Built a full-stack Academic Social Network using the MERN stack, enabling students, teachers, and researchers to connect, post academic content, and collaborate in real-time. Implemented user authentication, QCA forum, notifications, and fully responsive design with modern UI/UX principles for a smooth user experience across all devices.

Personal Portfolio Website: *Mern, React.js, Express.js, Node.js, Mongoose* | **2024-2025**

- Developed a fully responsive and visually appealing personal portfolio using React.js. Integrated modern UI/UX design principles, smooth page transitions, and interactive animations. Included dynamic sections such as Home, About, Skills, Projects, Education, Contact, and a Dashboard.

Food Delivery Web App: *Mern, React.js, Express.js, Node.js, Mongoose* | **2024-2025**

- Developed a full-stack food delivery web application using MERN stack. Implemented features like user authentication, food item listings, cart management, order placement, and real-time order tracking. Designed a responsive and user-friendly interface with smooth UX and clean layout for both customers and admin.
